(right) **Congratulations to the KU women's and men's rugby teams** who competed in the Collegiate Rugby Championship this past weekend in Philadelphia. The women's team went 3-3 and finished in seventh place out of 12 teams. This is the best showing in the three years the women have been competing in the event. The men's team made it to the final round, playing the University of California-Berkeley for the national championship. It was the second consecutive year that Kutztown would face Cal for the title. The game was broadcast live across the nation on NBC. The men fought hard but lost the game in overtime. Congratulations to both teams! Full coverage of all the events can be found [online](#).

Last month, the Department of Sport Management & Leadership

Studies held their Senior Awards Banquet. Honored at the banquet were JJ Lloyd (Outstanding Academic Achievement in Coaching and Athletic Administration), Arjun Arora (Outstanding Academic Achievement, Outstanding Research, and Outstanding Achievement in the Department), Tyler Kurtz (Outstanding Leadership), Matt Minnich (Outstanding Intern),

and Nicholas Vuotto (Outstanding Academic Achievement in Health Promotion and Fitness Administration).

(left) **Congratulations to our NSSE prize winners** for the 2014-2015 school year. NSSE annually collects information about first-year and senior students' participation in programs and activities that institutions provide for their learning and personal development. The results provide an estimate of how undergraduates spend their time and what they gain from attending college. Students are offered the chance to win prizes for completing their surveys.

Officials from Kutztown University and East Stroudsburg

University gathered in Bethlehem to announce the formation of the State System North East Regional Procurement Collaborative (NERPC). [The NERPC](#) is a shared procurement services organization that will enable both universities to create efficiencies, economy of operations and cost savings opportunities to benefit each institution as well as the students they represent. It is expected that this partnership will enable both ESU and KU to leverage technologies and allow the institutions to optimize economics of scale for a number of procurement and sourcing opportunities. Over time,

operational cost savings are anticipated in addition to lower costs of both goods and tangible services.

Community Corner

Need more room in your closet or have clothing you no longer want? Do you have shoes you don't wear or have any handbags or accessories you are not using? Consider donating them for a great cause!
